J	A	A	B	A	V	Q	H	Y	E

{English}

2

There are a lot of different jobs in a wildlife park, match up the people to their jobs.

**Zoo Keeper**

*Make sure animals have food & water.*

**Vet**

*Keep the animals healthy.*

**Gardener**

*Keep the plants and ponds clean and healthy.*

**Receptionist**

*Let visitors in to the park.*

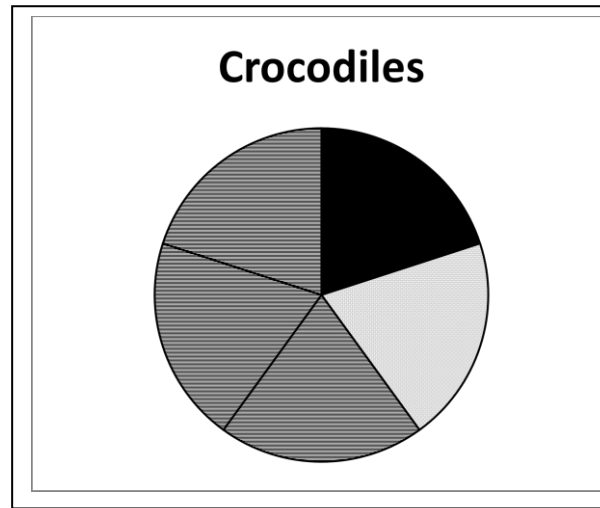

{Citizenship}

3 a

100% females, 0% males

{Maths}

3 b

*{Maths}*

4

In this exercise the children have the chance to find their own examples of both mammals and birds based on their knowledge of what each of these are. The choices for each category are numerous and a full list of animals in the park can be found on the parks official website ([www.winghamwildlifepark.co.uk](http://www.winghamwildlifepark.co.uk)) in the Animals section (A to Z).

*{Art}*

5

This question tries to encourage the children to think about which life processes may be useful in each of the three environments (a being wetlands, b being rocky outcrops and c being desert and scrubland).

Hairy Scorpion C, Capybara A, Goats B

*{Science}*

6

All items should be circled.

*{Geography} {Citizenship}*

7

- A Ruffed Lemur's toilet claw is used for grooming.

*{English – Reading & Writing}*

This question should be answered verbally in form of an open discussion between the children and the teachers / assistants. There are no right or wrong answers to this question however children should be given the opportunity and encouraged to give an educated opinion on what they feel about this. There is the option to discuss further issues such as hunting, deforestation, conservation and the illegal animal trade etc.

*{English - Speaking} {Citizenship}*
